

FOR IMMEDIATE RELEASE

Somerville Aluminum Wins Second Consecutive Best of the Best Award in Central Jersey

Somerville Aluminum honored with a 2011 Courier News Best of the Best Award

SOMERVILLE, NJ, July 14th, 2011— For the second straight year, Somerville Aluminum was named Best of the Best in Central Jersey by the Courier News. The readers of the Courier News and MyCentralJersey.com chose Somerville Aluminum as the "Best of the Best" in the Home Improvement Category of the annual contest.

The Courier News and MyCentralJersey.com have run the Best of the Best contest since 1990, inviting readers of the newspaper and the website to nominate Central New Jersey businesses that they feel are the top in their field. The Courier News provides no nominations or suggestions of these businesses, the Reader's Choice Winners are chosen solely based on reader input and nominations. In the end, the business in each field with the most votes is named the "Best of the Best," with two runners-up being named "One of the Best." The storied contest has been running for about twenty years, recognizing the highest quality establishments in the Central New Jersey area.

"We wish to extend our appreciation to the readers of The Courier News and the Newspaper itself for recognizing the outstanding home contracting services that we provide to our customers throughout Central Jersey," said Gary Shiman, Owner and General Manager. "As a third generation family owned and operated home contractor, for over 60 years, we take great pride in this honor and will continue to provide our customers with the best quality home improvement products and superior craftsmanship in the area."

About Somerville Aluminum

Located on Main Street in downtown Somerville, NJ, Somerville Aluminum boasts the proud distinction of being one of New Jersey's top home improvement companies. Their efforts and successes were rewarded by being named "2011 Best of the Best in Central Jersey." Headed by brothers-in-law Gary Shiman and David Gropper, Somerville Aluminum prides itself on its long, family-owned tradition of providing high quality service and products to its customers. Since 1950, the driving force and guiding principle of the company has been complete customer satisfaction. Somerville Aluminum offers quality material craftsmanship for all of their products, including siding and roofing, windows and doors, total kitchen and bathroom remodels, and outdoor decking, and sunrooms. To learn more about what Somerville Aluminum has to offer, stop by the Somerville Aluminum showroom in downtown Somerville, conveniently located at 46 East Main Street across from the Somerset County Courthouse, visit the Somerville Aluminum Website: www.somervillealuminum.com or call (800) 725-8401.
